

BE SAFE CHECKLIST

EXPECT

- To be treated by a doctor, nurse, dentist or prescribing pharmacist because, if something goes wrong, you will need a qualified prescriber to manage
- If you are considering Botox, you **MUST** have a face to face consultation with a qualified prescriber (doctor, nurse prescriber, dentist or a prescribing pharmacist) prior to having treatment
- To have sufficient time to consider all the information, avoid making hasty decisions
- Expect to answer questions about your medical history and to read a consent form
- A follow up appointment if necessary or desired

ASK QUESTIONS

- What is your full name?
- What are your qualifications?
- What is this treatment/ product?
- How does it work?
- What are the side effects/ risks?
- What are the alternatives I might consider?
- What results can I expect?
- How long will the results last?
- What will I look like immediately after
- How many treatments will I need and in what time frame?
- What could go wrong and if it does, how will you look after me?
- Are you able to treat complications, should they occur? (Only qualified prescribers can direct the necessary management- make sure you have met the prescriber and they are local)
- What happens if I am not happy with the result?
- What aftercare am I expected to perform?
- What will it cost and what are the payment term)

WHAT TO CHECK
